Certificate

Employer of the participant:
SIA "Regardes TC"

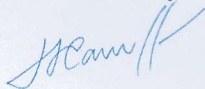

Mr. Andrejs Kornatovskis

Participated from 27/05/2024 to 31/05/2024 in Lübeck in the training course FGDS - **Advanced seminar for service**. He was given the opportunity to learn the specific knowledge and handling necessary to carry out the mediated maintenance work on the Dräger devices mentioned below according to the manufacturer's instructions. From the perspective of Dräger Safety AG & Co. KGaA there are no concerns that Mr. Kornatovskis will carry out the work on the following devices on his own responsibility:

- Polytron 5xx0/8xx0 and Modules
- REGARD 3000
- REGARD 3900
- REGARD 7000
- REGARD 19 Inch
- RVP 3900/5000/7000

This certificate is only valid as long as the participant is employed at a Dräger Safety company or at a licensed distributor.
